I would like to thank you for the opportunity to offer a rental appraisal for the above-mentioned property. This appraisal may vary depending on the supply and demand of tenants and properties at the time of renting. It is important for the property investor to understand that rents can fluctuate during the year and are predominantly determined by the market.

When appraising the property, we take into consideration the following:

- Comparison with similar properties
- Features or benefits of the property (i.e. ensuite, fenced yard, double garage, views, proximity to shops, décor, accessibility, modern convenience)
- Condition and presentation of the property
- Location of the property
- Overall condition of the rental market at this time (i.e. vacancy rates, supply and demand)

In relation to properties of a similar calibre in this current rental market we would consider this property to achieve a weekly market rent between **\$490.00 – \$520.00**.

This home is beautifully finished and would attract a good quality tenant.
