I would like to thank you for the opportunity to offer a rental appraisal for the above-mentioned property. This appraisal may vary depending on the supply and demand of tenants and properties at the time of renting. It is important for the property investor to understand that rents can fluctuate during the year and are predominantly determined by the market.

When appraising the property, we take into consideration the following:

- Comparison with similar properties
- Features or benefits of the property (i.e. ensuite, fixtures and fittings, garage, views, proximity to shops, accessibility, modern convenience)
