

Thank
you

To Karen Franklin

Thank you so much for the opportunity to go on the Spirit of Adventure. Over these 10 days my self-confidence has grown, I've learnt to work with others under tough conditions and I have loved every minute onboard the ship. I have experienced new things that many people will never do and for that I am so grateful. The friendships I've made and the people I've met will stay with me for a long time.

I hope to use everything I've learnt moving forward from the voyage and I am excited for the future.
